

Steve and Alan can give you more specifics on these pieces of equipment. They have been making some phone calls on availability from several companies. So far they have some success with availability from Shiloh Timber (Rubber Tire Skidder, Grapple CAT, and Shovel). Miller Timber and Melcher are some other possibilities.

Most companies are very busy with current timber contracts given the high timber prices so it is expected that the rates might be higher than during a slower time of year.

The interest is to get the needed equipment ASAP of course.

Please get a hold of Alan or Steve for more specifics if needed – just wanted to start the course filter of IDIQ possibilities so we can move to Plan B.

Steve: 541-953-6235

Alan: 541-410-8555

Thank you!
